

Vitezslav Holas

I am a lecturer and independent consultant in the field of information technology. I deal mainly with products from Microsoft, Adobe and Apple on platforms MS Windows and Mac OS X. My primary interests are computer graphics, digital photography, digital video, web design, typesetting and typography. I teach office applications as well. I work mostly in the largest Czech and Slovak IT training center Gopas in Brno, Prague and Bratislava. I am also an accredited ECDL tester.
